

Refurbished Meheen M6 Bottling Machine (2016 Model)

Unleash Efficiency and Precision for Your European Bottling Operations!

Bibotech is proud to present a meticulously **refurbished Wild Goose Meheen M6 bottling machine**, a proven industry leader designed for craft beverage producers seeking unparalleled quality, speed, and reliability.

This 2016 model, while pre-owned, has undergone a comprehensive overhaul by our expert technicians, ensuring it meets our rigorous standards for performance and an extended lifespan in your brewery.

Key Features & Benefits:

- **The Leader in bottle lines for craft breweries!**
- **Six-Spout Counter-Pressure Filling:** Equipped with six advanced filling spouts, the Meheen M6 excels at **counter-pressure filling, 1800-2000 bottles per hour!**
- **Integrated Rinsing System**
- **Intuitive Controls:** A **user-friendly touch-screen interface** allows for easy setup, operation, and adjustment of filling parameters.
- **Compact Footprint:** Despite its high output, the M6 boasts a relatively compact design, making it suitable for breweries and beverage facilities with **limited space**.
